door locks & boom barriers .

Food grade stainless steel 304,
easy to sanitize

Products

AMP-TS20/AMP-TS20W

Non contact Infrared
Temperature Scanner

AMP-4D18W

Wireless 1.8' LED Display
with Buzzer
(Optional)

AMP-TLBW

Wireless Tower Light
with Buzzer
(Optional)

Product Specifications:

DESCRIPTION	VALUE
Body Measuring Temperature	: 0~50°C
Operating Voltage	: DC 12V
Power	: 0.5W
Battery Standby	: 4 - 5Hrs
Weight	: 500grams
Working Temperature	: 0~60°C
Temperature Accuracy	: ± 0.2°
Measuring Distance	: 5 - 10cm
Response Time	: <0.5 Sec
Product Size	: 110 X 35 x 160 mm
Material	: Stainless Steel 304

Application Areas:

Residential homes | Offices
Hospitals | Clinics | Public offices
Airports | Conference venues
Events | Bus & Railway stations
Terminals | Government departments
Factories | Shopping malls | Supermarkets
Educational institutions | Religious gatherings
